COVID-19 Vaccine Incentive Calendar

Eligible residents can get $100 for getting fully vaccinated.

Residents are eligible at the time they receive a single dose of J&J or a second dose of Pfizer or Moderna.

Go to one of these participating PDPH COVID-19 vaccine clinics and sign up to receive your incentive by email within 1-2 days or by mail within 10 - 14 days.

The program starts on February 16th and will continue for 6 weeks.

Children ages 11 and older can consent for vaccine by themselves; can they get the incentive?

- Yes, children ages 5 - 17 can receive this incentive, but a parent or guardian must be present to consent to the incentive.

Can I get an incentive anywhere vaccine is offered in Philadelphia?

- Unfortunately, funds are limited. Incentives are only offered at the sites on the back of this page and at http://bit.ly/fullyvaccinatedincentive

Why is PDPH offering money for people to get vaccinated now and why is the incentive not offered for people getting a first dose of a 2-dose vaccine?

- Many Philadelphians have already received their first dose. For many reasons, not everyone has been fully vaccinated.
- In Philadelphia, people who are not fully vaccinated are still at high-risk of getting sick with COVID-19, being hospitalized with COVID-19, or passing the virus to others.
- We want to encourage people to take the next step and get fully vaccinated.

Why are you offering J&J when there are some safety concerns about this vaccine?

- J&J provides adequate protection against COVID-19. It is being offered for those who are unwilling or unable to get vaccinated with a two-dose vaccine (Pfizer or Moderna).

What about all the people who are already fully vaccinated; will they also get $100?

- At this point in the pandemic, the best way to protect everyone in our community and get closer to the pandemic being over is for more people to become fully vaccinated.
  - That is why the incentive is only available to people receiving their only dose of J&J or second dose of Pfizer or Moderna.
